

# THANK YOU FOR ALWAYS PUTTING YOUR BEST FOOT FORWARD

## INTERNATIONAL NURSES DAY - SUNDAY, 12 MAY 2024

In celebration of International Nurses Day, we would like to thank all our nurses for always stepping up to the plate when you are most needed. We appreciate the unwavering compassion and expertise you provide to patients and their families every day.

The International Nurses Day theme in 2024 is: 'Our Nurses. Our Future. The economic power of care.' The great care you provide creates healthier people and societies and ultimately drives healthy economies. We want to elevate nurses from being perceived as invisible to invaluable in the eyes of our policymakers, the public, and all those involved in healthcare decision-making and financing.

So, with deep appreciation and gratitude, we would like to say: 'You knock our socks off!' Your tireless efforts are the foundation for every positive footstep towards a healthier world.

**Happy Nurses Day!**
